2. Follow all instructions carefully. Without adequate information, Idaho State Tax Commission staff will estimate the missing data and may assess a penalty under Idaho Code section 63-411(1).
3. Answer all questions and attach additional sheets where necessary. If you cannot provide the information, briefly explain why or enter "NA" (not available).
4. Explain unusual entries and discrepancies on pages containing space for remarks or referenced supplemental pages.
5. If the space provided is insufficient, insert additional pages. You may use photocopies or computer-generated pages.
6. Private cars are all railroad cars and locomotives stenciled and registered in the Universal Machine Language Equipment Register (UMLER) with car marks ending with "X" (private marks). This includes cars under a railroad's control that still bear private car marks. Private cars also include all railroad cars under the control of your company, even though they may bear railroad car marks. Private cars do not include railroad cars assessed with the railroad.
7. Report all railcars in your possession. You have possession if you own, lease, manage, or otherwise hold cars on December 31, 2007.
8. We will assess a 50% penalty on cars with private marks having mileage in Idaho and not included in any of the private railcar fleet operator statements received by the Tax Commission under Idaho Code section 63-411(1).
9. The operator's statement must include cars in the state only for repair or maintenance.
10. For leased or managed cars, use cost data from the current owner. Include all costs incurred to acquire the cars and prepare them for use. Replacement cost is the cost of a new car having comparable utility.
11. If you elect the qualified property exemption in lieu of investment tax credit, you must complete page 5.

If you have any questions about completing this form, please call our office at (208) 334-7722.
